CONSIDER PEARY'S LEAVE.

WASHINGTON, April 8.—The Sec-
retary of the Navy has received the
application of Robert E. Peary for
leave of absence for three years in
order to allow him opportunity to con-
tinue his Arctic exploration. Sec-
retary Meloy will determine after
consultation with the President whether
this additional leave shall be granted.

DENIES STATEMENT.

PITTSBURGH, April 8.—The state-
ment that Mrs. William Thaw has
settled \$250,000 on Mrs. Harry K. Thaw
is untrue and might be characterized by
even stronger language, said Frank
Sample, financial agent of Mrs. Wil-
liam Thaw, today.

BOSTON RELIEVES CHICAGO.

WASHINGTON, April 8.—The Navy
Department was informed today that
the cruiser Boston has arrived at Am-
apulco, Mexico, on her way to Ampala,
Honduras, to relieve the cruiser Chi-
cago, which has been ordered when
relieved, to proceed to Magdalena Bay,
Lower California, for target practice.

MACHINISTS STRIKE FAILS.

SEATTLE, April 8.—(Exclusive Dis-
patch.) The union machinists today
placed pickets in front of all the ma-
chine shops and foundries in the lower
part of the city, threatening to call
their men out, a wage that a
majority of the men are receiving, but
the Northwestern employers unani-
mously agreed it would not be accorded
generally.

NOTWITHSTANDING MANY FALSE RUMORS RUNNING TIME FROM CHICAGO TO PERMIT TRAINS TO MAKE SURE CONNECTIONS.

[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, April 8.—(Exclu-
sive Dispatch.) Western railroad offi-
cials have particularly decided upon
new schedules for passenger trains be-
tween Chicago and the Pacific Coast
and intermediate points. Schedules
will not be lengthened as much as was
at first proposed, as passenger men
could not agree to have trains run upon
schedules which could be maintained.
If the time as is now agreed upon is
put into effect the schedule of the fast-
est train from Chicago to Los Angeles
will be lengthened from one hour and
fifty minutes to one hour and twenty
minutes. From Chicago to Denver from
twenty-seven and one-half hours to
thirty-two. From Chicago to Missouri
River from thirteen hours and twenty
minutes to fourteen hours and twenty
minutes. It is said that the
changes will make little practical dif-
ference except that trains will be on
time at terminals.

LIKE STATUE
ANGELENS NOW APPROVE

San Francisco, April 8.—[Ex-
clusive Dispatch.] Douglas Tilden,
the great San Francisco sculptor,
has completed another life-
size statue of the late Senator Stephen
M. White. His work was exhibited
today at his studio to the following
members of the Stephen M. White
Memorial Committee, who came from
Los Angeles for that purpose: Joseph
Scott, Sumner P. Hunt, R. B. Benton,
B. W. Cunningham, M. P. Snyder.

Although dissatisfied with Tilden's
first model, the committee left on the
Owl for Los Angeles this afternoon
entirely satisfied.

"We didn't like the first model,"
said Scott today. "It was not charac-
teristic of Senator White. His face
was related in an entirely different
way than the gods. The model we saw
this afternoon is strong and
aggressive, just as we knew Sen-
ator White. The statue is in clay and
life-sized. It is all ready to be cast
if our favorable report is adopted."

ALASKA PLEASED
UNCLE SAM IS GOOD BOSS

SEATTLE, April 8.—[Ex-
clusive Dispatch.] The Associated Press-
AMJ. Governor of Alaska, reached Seattle
today from Washington. "We got al-
most everything we asked of the last
session of Congress," he said. "Then
the people of Alaska are well satisfied
with Uncle Sam's treatment of them.
This cry for a territorial form of gov-
ernment comes from political discon-
tent."

"To have this change in rule would
mean an increase in taxation of 25
cents per capita, and the small popu-
lation of the territory with the fact that
the country is only partly developed, does
not warrant this burden. We can very
well afford to go on as we are, de-
spite the howl of politicians."

BUSINESS EDUCATION

Heald's Associated Colleges are located in
San Francisco, Oakland, Redwood, Fresno,

business and efficiency.

Forty-four years ago Prof. E. P. Heald
founded in San Francisco the Southern Cal-

these succeeding years it has been the largest and

HILL PLANS
BIG MERGER

Wants to Buy N.P. Equity
in Burlington

But Stockholders Will Oppose
Magna's Scheme

Would Call for Hundreds of
Millions in Cash

NEW YORK, April 8.—[Ex-
clusive Dispatch.] It has been generally
known in financial circles for a year
or more that James J. Hill hopes
some day to buy the Northern Pacific
equity in the Burlington and the Great
Northern. The rumor that this is im-
minent has been received within the
past few days.

The sale of the Northern Pacific
equity in the Burlington would in all
probability call for retirement of the
joint four. The Northern Pacific
stockholders are not likely to under-
stand the Burlington and the Great
Northern and continue to assume obli-
gation for the interest on these bonds.

There are \$125,000,000 of these joint
bonds outstanding. To redeem them
at 105, as required, would call for
\$131,250,000.

As a matter of fact, the merger of
the Great Northern and the Burlington
would call for at least \$200,000,000 cash.
Besides retiring the bonds, the North-
ern Pacific would have to take the
equity in the Burlington. The figure
assumes that this equity could be
bought for \$24,000,000, which would
be a cheap price.

PREACHER LICKS
BURLY COWBOYS

TRY TO MAKE HIM TAKE DRINK
AND GET THRASHED

Then Plainmen Accompany South
Dakota Missionary and Circuit
Rider to His Religious Meeting and
Tall Story—Minister is Now Most
Popular Man in Bad River Country

[BY DIRECT WIRE TO THE TIMES.]
OMAHA, April 8.—[Exclusive Dis-
patch.] A special from Hays, S. D., says
that a local minister, Rev. John McVey,
a well-known missionary and circuit rider,
who is working among the settlers in the
Bad River country, a few days ago soundly
thrashed two burly cowboys, George
Carney and Fred Temple, because they
tried to compel him to take a drink of
whisky after he had declined to do so.

The minister is a colorful man from
the Bible, who is well known to the
settlers. He is a boxer and all-around athlete.
He was on his way to a ranch to hold a
religious meeting when the two cowboys

ISLE O' PINES IS CUBAN SOIL.

Supreme Court So Decides in Tariff Case.

Chief Justice Fuller Hands Down Opinion.

This Definitely Fixes Nationality of Place.

WASHINGTON, April 8.—(Exclusive Dispatch.) The Supreme Court today decided in the case of *Isle of Pines*, that the island is Cuban soil. The decision was handed down by Chief Justice Fuller, who said that up to the present time the *Isle of Pines* had been considered as an integral part of Cuba and that it could not be held to be covered by article 2 of that treaty, which included only islands in the vicinity of Porto Rico.

The case originated in connection with the importation of a few boxes of cigars by *Isle of Pines* in 1903, but its hearing by the court was from time to time passed in the hope that the status of the island might be definitely decided by legislation or diplomacy. The cigars were made in the *Isle of Pines*, of tobacco grown there, and when they arrived *Peary* refused to pay duty on the ground that they are of domestic origin. The collector thereupon seized them and *Peary* appealed to the United States Circuit Court, where he secured no relief, so that court sustained a demurrer filed by the government and dismissed the appeal.

WASHINGTON, April 8.—A motion was made in the Supreme Court of the United States today on behalf of the State of Missouri to dismiss the appeal in the case of *Frederick Barrington*, alias *Lord Barrington*, charged with murder. The court took the motion under advisement.

WASHINGTON, April 8.—In an opinion by Justice McKenna the Supreme Court today affirmed the decision of the United States Circuit Court for the Western District of Tennessee, in the case of *Clarence P. Hunt*, a common broker of Memphis, Tenn., vs. the New York Cotton Exchange. The suit was brought in the Circuit Court by Hunt, claiming that the exchange had infringed on his right of quotation, contrary to the provisions of the exchange, and the injunction was granted by the court as prayed for.

PROCLAIMS HIS INDEPENDENCE.

PHILADELPHIA'S MAYOR AGAIN ATTACKS PRESIDENT.

Petticoats Constrain His Emphatic Onslaught on Centralization, as Indication of Intention to Help Pennsylvanians Defeat Administration.

PHILADELPHIA, April 8.—(Exclusive Dispatch.) Mayor *John E. Ryan* today threw another rock into the already disturbed political pool. Mayor *Ryan* proclaimed and reiterated his independence of the national administration at Washington, and his absence of any intention to bow down to the President.

"If merely because I happen to be Mayor of this city I must stand by like a nincompoop and have nothing to say upon important public questions, I had better quit right now," said the Mayor today.

"Then you had no thought of criticizing President *Roosevelt* when you spoke on Saturday evening?"

"That was not my purpose," responded the Mayor. "But suppose it had been what of it?"

"The President is no better than you or I or any other American citizen. If we were in Germany and I should have dared to criticize the Emperor, people might well have raised their hands in surprise."

"But this is America, not Germany or Russia, and the President is the President or his policies be construed as a crime?"

STEAD APPEALS TO CHURCHMEN.

URGES METHODISTS TO AID IN WORK FOR PEACE.

Noted English Editor Dramatically Asks Religious Organization to Unite and Throw Influence to Demand for Cessation of War at Next Hague Conference.

NEW YORK, April 8.—William T. Stead, the English editor, in an address before the New York Episcopal church, pleaded for the assistance of the American Methodists in the movement for international peace which is to be considered at the next Hague conference.

"Are you American churchmen—your members of the church of Jesus Christ in America—willing to take action to secure the enactment of this law as an international statute?" he asked, "and say there shall be a moment pause before the dogs of war are unleashed?"

"Amen, amen," came in chorus from all over the balcony.

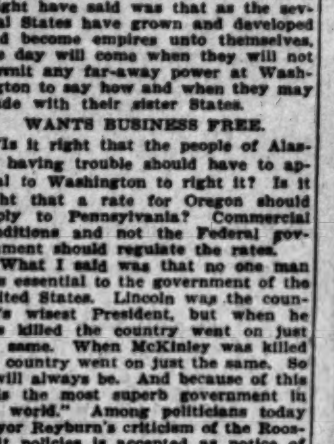

"You Methodists are the second church in America. If you had put your forces to work to the task before us, might have great results. The free church in England announced it was ready to act under the direction of the Archbishop of Canterbury, the master and when I left they were considering whether it would not be better for the church of England and the Roman Catholic Church to unite in joint action. I don't know whether you can do this here but are you willing to act together?"

Loud responses of "yes," "yes," came from all over the auditorium. A committee to draft suitable resolutions was appointed by Bishop *Berry*.

LABOR.

LOAFERS COST MINERS' JOBS.

Jawsmiths Quit, Throwing Many Out of Work.

Answer With Insult Offer of Consideration.

Thousands Are Idle Because of Union Whim.

(BY DIRECT WIRE TO THE TIMES.)
BUTTE (Mont.) April 8.—[Exclusive Dispatch.] Because fifty-two electrical workers, machinists and blacksmiths walked out of the Great Falls smelters this afternoon, which will necessitate the closing down of these works and the mines of the Boston and Montana Company in Butte, 600 mine smelter employees and others will be thrown out of work. The reason of the walking out is not given out officially, but at the office of the Boston and Montana Company in Butte, it was stated that the three unions responsible for the shutdown have made a request for an advance of wages of 30 cents a day in February and that the request had been denied at that time, though the company was willing to raise the scale 25 cents.

The men refused to confer with managing director J. D. Ryan of the Amalgamated and his request for a conference next Thursday was answered by the walkout today.

TO IGNORE DEMAND.
EMPLOYERS SPURN TOTEMITES.
PHOENIX, April 8.—[Exclusive Dispatch.] A telegram from Elsie to tonight tells that the Western Federation of Miners, through its local representatives, today made a formal demand upon the mining companies of the district for recognition of the miners' union, and for the closing of the camp to non-union labor.

The companies will give the demand little attention. It is estimated that if all the union men in the district were to leave it would mean only a loss of about one-tenth of the laboring strength, or about 400 men.

ATTACKS PRESIDENT.
SOCIALIST TOTEMITE SPOUTS.
NEW YORK, April 8.—An attack was made on President Roosevelt at yesterday's meeting of the Central Federated Union by Albert Abraham of the First Federal Union on account of his letter to Representative

Sherman, in which the President is quoted as saying that Harrison was as undesirable a citizen as Meyer, Haywood or Debs.

Abraham is a Socialist and a member of the Meyer-Haywood conference, composed of labor unionists who are collecting money for the defense fund.

A resolution was carried, directing the secretary to write to the President, asking him to withdraw his remarks in reference to Meyer and Haywood.

VIOLATE AGREEMENTS.
TOTEMITES FACE LOCKOUT.
[BY THE ASSOCIATED PRESS.—A.M.] NEW YORK, April 8.—It is stated today that the strike of the Brotherhood of Painters for the new wage scale of \$4 a day for plain painters and \$4.50 a day for decorative painters, which has been ordered, notwithstanding the arbitration agreement, is to be extended to all the contracts in other cities throughout the country of members of the Master Painters Association and the Interior Decorators and Cabinet Makers Association.

Twenty-five separate complaints of violations of the arbitration agreement have been filed with the General Arbitration Board, which is to meet tomorrow night, to consider whether to rule the brotherhood out of the board.

This, if won, will be equivalent to a general lockout. The General Arbitration Board is composed of three members from each association of employers in the Building Trades Employers' Association and three members of each union.

FLASHES FROM WIRES.
The British battleship Trafalgar went ashore yesterday upon the rocks off Devil's Point, behind the naval victualling yards at East Stone House, while proceeding to Plymouth Sound from Davenport. It was believed that her stern had been badly damaged. Six tugs succeeded in refloating the Trafalgar one hour after she went upon the rocks. The warship was taken into the harbor where she was docked. There was considerable water in her forward compartment. The Trafalgar is a second class battleship of about 12,000 tons, completed in 1890 and carrying four 12.5 inch guns, 6 1/2 inch guns, eight 3.5 pounders and a number of smaller rapid fire guns. Her crew consists of 57 officers and men.

Five thousand push cart peddlers, members of the United Citizens Peddlers' Association are to enter into a cooperative plan for building a large central markethouse in New York's lower east side. The building will cost \$2,000,000 and will occupy an entire city block 600 by 200 feet. Plans for raising the money have been perfected and architects' plans for the markethouse have been completed. The building will be two stories high with a roof garden on top for the peddlers' children. In the two floors below will be five thousand booths.

HARD BATTLE IS EXPECTED.

Thompson and Burns Train for Terrific Bout.

Cyclone Prepares for Hot Pace Throughout.

His Opponent Working for Speed and Skill.

Jimmy Burns and Cyclone Thompson are going to put up one of the greatest battles in the history of the local ring in the opinion of the fight fans. Neither

is the best fighter of his weight seen in this city since Terry McGovern was in his prime. Weeks ago, Burns was in a bloody nose, and at the finish was almost as fresh as when he started. The big crowd at the ring-side gave Burns a rousing reception when he left the ring.

Tommy Burns claims that the man whom he struck last week, insulted his wife by bumping into her on the street. Burns pulled the fellow to the ground, and the man had him arrested. The case is in court and Burns is out on bond. He will get a chance to state his case.

Jack O'Brien recently testified in an eastern court case. One of the attorneys asked him if he were not a prizefighter. He said no, and gave his occupation as a real estate dealer and a professional athlete, and admitted that as an athlete he sometimes engaged in boxing bouts.

"Molly" McDonald has organized a baseball nine out of the ranks of the fighters, and has challenged the newspaper boys for a game. The contest may be played next Monday afternoon.

SWEET MARIE TO RACE MAJOR.

Talk about a series of five match races between Sweet Marie and Maj. Delmar has created great interest among horsemen of all classes throughout the country.

The owners of the speedy mare and the colt have both agreed to the proposition, and it is not unlikely they will enter into a match. If they do, one race will probably take place at Detroit, one at Redville, one at Cleveland, one at Columbus, and one at either Memphis or Lexington.

As to the results, it is too early to make a guess, though many experienced horsemen are already indulging in predictions. Sweet Marie has many friends who pin their faith to her, and will place their money on her, and Maj. Delmar has a legion of admirers who will bet their last dollar on him.

That these races would prove fast and close ones goes without saying. Sweet Marie last year clearly demonstrated that there was no trotter faster than she. She started in 1905, making the third straight year, the Elitwanda boys were won. The fast and a few others as good or better than 2:32, while Maj. Delmar, in 1905, made his fastest mile in 1:38, and the year following trotted nine heats at different times and places, eight of which he negotiated under 2:31 in one in 2:32 flat.

A table of the places where the phenomenal gelding accomplished these remarkable performances, giving the place and date and time of each heat during 1904, is as follows:

New York City, August 18	2:34
Redville, August 19	2:34
Yonkers, September 1	2:34
Redville, September 1	2:34
Cincinnati, September 30	2:34
Lexington, October 2	2:34

Some turfmen suggest that Maj. Delmar is not as fast now as he was three years ago. Others, however, assert that he is a faster and gamer horse than he ever was before.

AMPHIBIOUS AUTOS.

Six Machines Being Built for Dash to North Pole—Will Run on Ice or in Water.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, April 8.—[Exclusive Dispatch.] Admiral R. S. Osborn, secretary of the Arctic Club, in authority for the statement that six automobiles are being built here and abroad for individual dashes to the North Pole. The secretary says that two of the cars will be perfected by Dr. Frederick A. Cook of Brooklyn, who once went to the Far North with Commander Peary. A brother of the doctor is said to have built the machines under a closed shed, away from the eyes of the inquisitive.

A third automobile for exploration work in the polar regions has been built to the order of Anthony Fiala, the leader of the Slidder expedition, which was wrecked in the ice in winter of 1904-5. Admiral Osborn announced today that the cars will be sent to the Arctic region, where they will be used for exploration work.

The model shows the automobile shaped something like a lifeboat. The revolving gear which turns the wheels while the machine is on solid ice or land, drops down and propels the craft when in open water.

AMATEUR BASEBALL.

IRISH ERASE COLOR LINE.

J. E. Taylor, the great negro runner of the University of Pennsylvania, is now a member of the Irish-American Athletic Club of New York, but after his name was proposed and before the vote was taken, there was a fine burst of eloquence on the part of several members of the board of governors, says a writer in a New York paper.

"We don't want a nigger in our club," said one. "We have enrolled in our list the foam of the Irish artocracy, and it behaves us to draw the color line in self-disrespect."

Many arguments just as forceful as this were hurled forth in the effort to keep Taylor out, and it sure did look as if the Irish-American Athletic Club, and under that name, and it behaves us to draw the color line in self-disrespect."

"Gentlemen," said he, "the greatest runner we have in our club, the American long-distance champion, is a Doochinin (George Bonag). The greatest broad jumper in the world, who holds the best record, is a member of our club, and a Jew (Prinstein). The man who started the world with his fine running in the marathon run at Athens, who came third in that awful twenty-five-mile grind, was another Doochinin, but he bravely carried the winged bat almost to victory (Billy Frank).

"Now, if our name was the Irish-American Athletic Club, and under that name, and it behaves us to draw the color line in self-disrespect."

Taylor was unanimously elected by acclamation, amid tremendous applause. Exit all, toward the bar, still cheering.

TO BAKERSFIELD BEATS RECORD.

REO AUTO IS GOING NORTH AT FAST PACE.

Eight Minutes Ahead of Oldsmobile Time at Bakersfield, Where First Set-Back Occurs—Didn't Use Block and Tackle Once in Passage of San Francisco Canyon.

With the goal of reaching San Francisco in forty hours, and lowering the time of the Oldsmobile in the recent race against the Pope-Hartford, J. M. Hanchus, at the wheel of a Reo light touring car started from Los Angeles yesterday morning at 5:07 o'clock. Indications are that he may accomplish his purpose.

He arrived in Bakersfield last night at 6:10 o'clock, beating the time of the Oldsmobile to this point by eight minutes. It was in Bakersfield that he met the first set-back in his fight. Going along one of the streets, the car ran into an unlighted street excavation, and one of the steering knuckles was broken by the accident. Repairing the damage, getting food and gas, and using up an hour and a half, and Hanchus pulled out of Bakersfield at 7:50 o'clock.

Up to this time he reports that he had no difficulty whatever. Last night he telephoned that he was willing to make affidavit to the fact that he had not been obliged to use his block and tackle once in the tortuous passage to Bakersfield, and had not been assisted in any way. This is a remarkable performance, as the road is in just as bad shape as it was when the race was run. According to reports from ranchers in the vicinity of the San Francisco Canyon, there is today more water there than there was a week ago, and considerably more than there was at the time of the race.

The run of the Reo is an attempt on the part of Leon T. Shettler to prove that for rough cross-country work a two-cylinder automobile is the equal, if not superior, of the four-cylinder model. The trip of the Reo so far is a good vindication of his belief in his car, and the prospects are good for a run to San Francisco in forty hours or less. A Reo sent out from San Francisco to prospect the road covered the distance to Fresno in five hours, and there seems to be no reason why the north-bound car should not do as well.

With Hanchus on the trip as far as Bakersfield went W. W. Bramlette, who has driven over the San Francisco country perhaps more times than any other man. At Bakersfield another pilot was taken on. Hanchus is going to drive all the way to San Francisco, but at various places he will discharge and pick up pilots familiar with the country.

THE ORDINARY SAVINGS BANK

THE CONTINENTAL BUILDING AND LOAN ASSOCIATION

that makes loans on lands and bonds is perfectly safe, but the interest is small to the depositor. If you can make twice that interest in a Co-operative Bank, that loans all your money on lands and buildings, and distributes all the profits to you, is it not common sense to place your savings in a Co-operative Bank? Think this over without the aid of your banker and you will get more interest on your money, with the same security.

One Fireman Killed, Several Badly Injured and \$1,500,000 Lost in Gotham Fire.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, April 8.—Fire early today destroyed the combined car barn and power plant of the New York City Railway Company, covering the greater part of the block bounded by Lenox avenue and One Hundred and Forty-sixth street and One Hundred and Forty-seventh street.

The loss will reach nearly \$1,500,000. More than 50 cars were burned, and the plant, except for the electrical equipment, was destroyed.

One fireman, Capt. F. J. Ryan, was killed under a falling wall, and half a dozen firemen and others were more or less seriously injured. None of the injured are in a dangerous condition.

The fire started in the big repair room, where a large number of cars were stored, and spread rapidly through the whole building.

Capt. Ryan's engine, with his crew, was working in an alley outside the building, when an explosion in the paint room on the fourth floor ripped the west wall, bringing down tons of bricks upon the firemen, carrying down a fire escape on the roof of a row of flat houses and burying half a dozen firemen in the ruins.

A hundred men with picks and shovels at once set to work to dig their comrades out of the ruins, while scores of others turned their attention to the flat houses, to which the fire had spread.

Ryan was the first man taken from the ruins. He was horribly crushed but still alive when taken out and laid upon the ground in the rain. A priest knelt by his side and administered the sacrament of the Catholic church a moment before Ryan died. One by one the firemen were dug out and hurried away to the hospitals.

In the meantime the fire in the car barn had practically burned itself out, and the flat houses had been damaged to the extent of \$25,000. Two hundred open, or summer, cars, valued at \$500, which had been stored in the barn, were destroyed.

ROYAL VISITORS ARRIVE.

CARTAGENA (Spain) April 8.—King Alfonso, the dowager Queen Christina and the other members of the royal party arrived here at 7:30 this morning from Madrid, to meet King Edward and Queen Alexandra of England. The British royal yacht Victoria and Albert, escorted by warships, were sighted later in the day, and King Alfonso went out to meet it. The royal visitors were accorded a magnificent reception upon their arrival here.

MERRY TIME IN CLOCK CASE.

COLORED WITNESS AMUSES BY
HER TESTIMONY.

Laura Scott, convicted of stealing Timpania, calls her Attorney a Fool When He Makes Mistake About Her Name—She Will Be Sentenced Saturday.

Laura Scott, colored, who was accused of stealing a clock from Mrs. Russell, colored, and who was arrested by colored policemen, was convicted yesterday in the Superior Court. The witnesses were colored, for the most part, but one blonde testified at the trial.

Lizzie Douglas, a mulatto, proved the most interesting and, to the defense, the most damaging witness. Miss Douglas's mouth was curved in a wondrously humorous and expansive smile as she cackled to the witness stand, and as she took her seat she burst into laughter. Her eyes had fallen upon "people's exhibit A," namely, a clock, and flashed from that to the sullen and serious countenance of Mrs. Laura Scott, the accused.

Supporting her laughter, the witness told of going to the Russell home on San Julian street on the morning of February 18 to help with some ironing. Mrs. Russell, she said, had brought in the alarm clock and set it on the ice chest.

A new bit of snickering possessed the witness at the moment she had followed, but was overcome in a moment. She made herself perfectly at home where she sat, swinging her feet and scratching them loudly on the carpet of the witness stand. Now and then she would favor Judge Smith with a large, loose smile as if inviting him to enjoy with her the humor of the situation.

The witness told of Laura Scott coming in and going out again for a pair of beer, "she drank whiskey herself," she added.

"She began lounging about the room," the witness went on, "and leaned up against the ice chest. She picked up a piece of paper and looked at it, and said Mrs. Russell's 'phone bill didn't read exactly like hers.' This seemed a very funny point to the witness, and she paused to snicker.

"Then Mrs. Raymond came in, and after a little while she asked what time it was. As soon as she said that, Laura Scott went out. Mrs. Russell told Mrs. Raymond to look at the clock. Mrs. Raymond said she didn't see any clock. Mrs. Russell asked her if she was blind, and told her to look on the ice box. Mrs. Raymond said she didn't see there. Then Mrs. Russell sent her boy to tell Mrs. Scott to bring the clock home."

Serene and supercilious, still very much at home and smiling amiably, Lizzie Douglas seemed to make sport of her cross-examination by Attorney Taylor.

"But you didn't see her take the clock," queried the attorney tentatively.

"No."

"As a matter of fact, you don't know that she did steal it, do you?"

"It couldn't a jumped down off of there and walked away," retorted the witness.

A moment later the attorney, depending on the alleged confession of the clock to Mrs. Goldberg before noon, as a means of throwing doubt upon the guilt of Laura Scott, asked the blonde Douglas what time it was that Laura Scott had left the house on San Julian street.

"How could I know that?" demanded the witness. "The clock was gone, and there wasn't a word to be said to the owner."

Rosa Goldberg, who with her husband, keeps a second-hand store, was called to the stand and told of the purchase of the clock, which she identified as one she had purchased from the defendant.

"Where is your store?" asked Deputy Dist. Atty. Blair.

"In Los Angeles," pursued the prosecutor.

"Of course," returned the witness, with an air of pitying his ignorance. On cross-examination Attorney Taylor asked the witness how she could identify that clock, if it is just like the thousands of others you can buy at jewelry stores for 15 cents?"

"I never bought a clock at a jewelry store. I paid 15 cents for that one."

"But how do you know that is the one?" persisted the attorney.

A stubborn expression overspread the face of Rosa Goldberg, and she replied decidedly: "That is the clock."

She appeared to take no notice of the attorney's effort to impeach her veracity, and she stuck to her positive statement. Attempts to shake her identification of Laura Scott met a similar fate. She answered every question, in one way or another, but closed every answer with the voluntary statement: "But I know anyway that woman."

An attempt was made to show that the two colored officers, Glen and Stevens had tricked the accused into making admissions. Officer Glen testified that she had offered to pay for the clock, and he had told her he wanted the clock, whereupon she had told him where to find it.

Laura Scott showed little feeling when the verdict was announced, but not much at any other time during the trial except once. That was when her attorney, in his argument, spoke of her as Ada Scott. She whispered sharply to him across the table, with every show of indignation: "Laura Scott. And to her friend, Ada Stanley, she remarked: 'The fool.'"

As she appeared to shake no conviction of petty larceny, the offense of which Laura Scott was convicted yesterday becomes a felony. Sentence will be passed Saturday morning.

ACCUSE EACH OTHER.

Two Men Arrested on Charge of Stealing Cattle in Arizona—One Fiercely Resists Officers.

William Taylor and E. Meredith were arrested yesterday after each had accused the other of being a cattle thief. Taylor was captured after a fierce struggle. It is believed that he is wanted in Tucson, Ariz., even on a more serious charge than that of cattle stealing.

Meredith says that a reward of \$1500 is offered by the Sheriff of Yuma for the capture of Taylor but this has not been verified. Taylor says he can prove his innocence. He is a miner and has lived for some time at Goldfield. He is a union man.

After being placed in jail Taylor declared that it is Meredith who is wanted on the charge of cattle stealing, and that a reward of \$1000 is offered for his arrest.

BABE IDENTIFIED.

According to Special Officer Charles Foster the babe found on the steps of the Herman Silver home on Monday morning is the child of Mrs. Hattie Anderson, whose husband is now in Alaska. Foster says the baby was born on February 7 at the home of Mrs. Borosa, at No. 1124 Central avenue and that Dr. W. C. Parker was the attending physician. It is said that Mrs. Anderson and her child lived at the home of Mrs. R. E. Kidd, no. 728 Hamilton street. Mrs. Kidd identified the baby.

French Matinee.

Expectation stood on tiptoe at the Ebell Club yesterday afternoon. The occasion was the annual French matinee, given by the department of French, which presented to an admiring audience the fun and reveries and the farcical situations of "La Cigale Chez les Fourmis."

The grasshopper was certainly—as the literal translation hath it—at the home of the ants, and the most animated and amusing little Tom Thumb of a French gentleman he proved to be, with imposing imperial and fierce moustaches. His appearance was most masculine, but alas, the modern little moustache spoke his frantic sentiments in a high feminine key, his dark hair about the neck of the Frenchman in private life not Paul de Vinnell, but Miss Edith Mitchell.

In the midst of this enters Paul de Vinnell, a young man who has run through a large fortune in a few years. His advice is solicited, as he turns out to be a friend of the Comte de Verac. He compares himself to the grasshopper and laughs at their asking his advice, but all the complications smooth out and the pretty daughter agrees to wed the grasshopper instead of the Comte.

Chamery, the father, was effectively portrayed by Mrs. Philip Newman, daughter, and one Comte de Verac, a suitor for the daughter's hand, a letter falls into the hands of the insect. The Count compares them to a nest of ants.

In the midst of this enters Paul de Vinnell, a young man who has run through a large fortune in a few years. His advice is solicited, as he turns out to be a friend of the Comte de Verac. He compares himself to the grasshopper and laughs at their asking his advice, but all the complications smooth out and the pretty daughter agrees to wed the grasshopper instead of the Comte.

Secretary Taft conferred with the members of the committee on insurgents until late tonight.

THE CITY IN BRIEF

NEWS AND BUSINESS.

San Gabriel Is "Dry."
Yesterday William T. McCormick denied the rumor that he had been granted a liquor license for San Gabriel, and it is said this now makes of the old mission town another "dry" spot. The board renewed the license of James Colombari for the Four-Mile House in the Glendale road.

Will Inspect Inglewood.
The Board of Supervisors will make a visit to Inglewood on Thursday morning at 9 o'clock to inspect the proposed boundaries of the district to be included within the incorporation as a city of the sixth class. Several owners of ranch lands ask to be excluded from the proposed incorporation.

Druggists Get Permits.
Druggists' permits to sell intoxicating liquors were granted by the Board of Supervisors yesterday to O. H. Davall, for the northeast corner of Yale and First streets, Claremont, and E. A. Hall, for Glendale. The application of J. W. Erickson for a license at Watts was taken under advisement.

Winery License Granted.
After having been under consideration for one week, the license of E. Bartholomew for the plant four miles northeast of San Fernando was renewed yesterday by the Board of Supervisors. The board continued under advisement the petition for the renewal of the saloon license of H. P. Worman in the district between Main and Moneta avenues.

Kneaded Off the Track.
Henry Lehman of No. 725 South Grand avenue was struck by a south-bound Interurban electric car on Seventh and Hill streets last night. According to witnesses, Lehman was crossing the tracks on Hill street, and stepped in front of the car. He was removed to the Receiving Hospital. His injuries consist of a badly lacerated scalp and bruises about the body.

New Officers On Duty.
Twelve of the new patrolmen recently appointed by the Police Commission went to Central Station last night. Tonight, Patrolmen, Benedict and Adams, also newly appointed, will assume their duties. It has not been decided as yet which stations the new officers will work. For the present the twenty-seven new officers will work out of Central Station in company with men older in the service.

State Normal's Meeting.
The semi-annual meeting of the boards of all the State Normal Schools of California, will be held Thursday morning in the auditorium of the local Normal State Superintendent of Schools Edward Hyatt of Riverside will be present, and it is anticipated that the presidents of all the Normals will attend. These include, besides Dr. J. S. S. Millspaugh, president of the local Normal, San Francisco; Morris E. Bailey, San Jose; and Samuel C. Black, San Diego.

Mother and Children Safe.
Mrs. Alberts Sutton and her two children, who disappeared some time ago from San Francisco, have been located in Monterey, Cal. Attorney E. C. Rogers yesterday received a wire telling of the arrival there of Mrs. T. J. Jones and her children. Mrs. Sutton's husband and wife are having difficulty, and pending its adjustment, the San Francisco court gave the father possession of their two little girls. Mrs. Sutton took them and departed. She was supposed to be coming to Los Angeles.

City Builds County Roads.
A peculiar state of affairs exists down at Long Beach, which came to light at yesterday's meeting of the Board of County Supervisors. The city of Long Beach has reached out so far in its scramble for territory that it finds its streets reach out into what are really county roads. It now proposes to grade and oil forty or fifty blocks of this class of streets, which is practically improving the county highways; and it asks the Board of Supervisors to loan the city the money with the intention to change the city of Long Beach for the use of the machinery.

Glendora Would Be a City.
The petition of fifty-one householders of Glendora, asking that an election be called to vote on the proposition to incorporate as a city of the sixth class came before the Board of Supervisors yesterday. As no map was filed with the petition the matter was postponed until one week from today. The petitioners have a population of 885 within the proposed territory. There will be approximately 500 acres within the city limits, it being about two miles square. If present lines are adopted, the petitioners were represented by Attorney R. B. Bidwell of Glendora, and Judge Charles Silent and G. D. Whitcomb both appeared to protest. Judge Silent claims that a large tract of land, which is included within the proposed city, is really barren mountainside, unsuited for any city purpose, and is fully a mile and a half from the business part of Glendora.

More Trouble for Artesia.
An apparently never-ending trouble is the runaway San Geronimo River in the vicinity of Artesia. After various difficulties encountered in straightening the channel, the Board of Supervisors thought it was a waste of money to keep on with it, and when it recently agreed to appropriate \$1000 more for the opening of the channel through the Rose Clark ranch to tide water. The understanding was, say the supervisors, that this money was to be spent until the waters receded so as to make the work effective without an excessive amount of labor. Now comes up demands for fully \$500 worth of labor performed on this section, and the road overseer, M. R. McKinney, has refused to inform them. He appeared before the supervisors, yesterday, and stated that the channel through section 5 is in worse condition now than it was before the expenditure of the last \$1000 was begun, and that the work was undertaken without his knowledge when the water was still high, so that practically \$600 has been thrown away. Members of the board intimated that they also would refuse to pass the demands, and that the Artesia people might have to pay the labor bills themselves, if they are ever paid.

**R. Crawford Smith's Family
Seek to Break Will.**

**Spiritualist Worker Named
for Ten Thousand.**

Woman's Relatives Deny She Exerted Influence.

Did spirits influence the late R. Crawford Smith, wealthy retired bachelor of Cincinnati, in bequeathing \$17,000 of his fortune to three women ac-

quaintances, or did the ailing man, in his loneliness before his death in Los Angeles, last February, leave the money to these women because of kindnesses they extended to him in

Heirs of Smith have come here from the East to learn the truth, and if possible, to have the court set aside two codicils to his will; also to contest the payment of the \$17,000.

Ten thousand dollars of Smith's snug fortune is bequeathed to Mrs. Dora Barnett of No. 1448 Rich street, who has been prominent as a lecturer on spiritualism, and who has given public

HUNDRED THOUSAND ESTATE.
These amounts are set aside in two codicils to Smith's will, dated a few months before his death on February

3 of this year. The codicils are attached to the original will, dated at Cincinnati, September 30, 1888, in which Smith's two brothers and two sisters share equally in the distribution of his estate, estimated now to

Relatives of Smith, it is said, profess to believe that "spirit" influences awayed him in bequeathing the \$17,000 to the three women. E. Z. Barnett, husband of Mrs. Barnett, speaking for her in her absence from home last

Smith had lived in Los Angeles sev-

eral years. At the time of his death he was 61 years old. He never had married. For a long time he lived at Hotel Melrose on Grand avenue. Shortly before his death he went to live with a family on McCintock avenue.

He was a believer in spiritualism, and thus in time came to know Mrs. Barnett, who is not a medium, as they ordinarily are pictured, according to her husband and has nothing in com-

to her because of many kindnesses accorded by her to Smith during their acquaintance. The other two bequests, made in a separate codicil, dated last December, are not explained even to that extent.

HAD FEW ACQUAINTANCES.
According to the statement of Mr. Barnett, Smith had few acquaintances in Los Angeles, although he had lived here a number of years. He was of a retiring disposition, and in the last few

years of his life was given to melancholy. He used to call frequently at the Barnett home, always apologizing for spending so much of his time there, but saying that he wanted to be among

assured that spiritualistic mediums had nothing to do in causing him to will almost a fifth of his belongings to persons outside the family. It is hinted that some "medium" not named in the will may have had some influence over him.

Steps preliminary to a contest have been taken by the two brothers, William E. and A. Denniston Smith, who are now here, and who are seeking under the original will to secure letters of administration of the estate, they hav-

been named as executors. They are represented by Attorney Charles Casantavia, who declined yesterday to discuss the merits of the pending contest. In one of the codicils, William G. Bradshaw and John W. Cunningham of this city are named as executors. It is

the court to decide whether they or the Smith brothers shall act. Whichever way the court may decide as to the executors, the contest will proceed with a view to having the will set aside and the \$17,000 distributed.

Smith's holdings were largely in real-estate. A hotel at the southeast corner of Sixth and Hope streets forms part of the estate.

J. B. Shipman of No. 511 West Ninth street was the victim of an accident yesterday morning in front of the City hall. Shipman, who is aged 66 years, was knocked down by an automobile driven by George E. Marlow, No. 335

When removed to the Receiving Hospital Shipman refused treatment, and declared he is a Christian Scientist, and said he has no use for doctors or

"YOUR MONEY'S WORTH OR YOUR MONEY BACK"

Monday's Collection of Extraordinary Values

In Black Silks Strengthened for Today's Sale

Discriminating buyers who know silks do not hesitate to say that here are the most extraordinary values within memory. Indeed, such enthusiastic buying as that of yesterday is proof positive that black silks are being sold at prices, which, to say the least, are most attractive.

With several thousand yards of black silk in our windows and Sunday's announcement of this sale, great interest was naturally expected. But even we, who best know the remarkable nature of these values, did not look for so hearty a response. Our advice is to come early today—the best numbers are being quickly sold.

Two very special values that were not offered yesterday go on sale this morning, together with all of the original collection that has not been sold. These two numbers alone are sufficient to attract tremendous trading, and in addition we can promise for at least another day that splendid yard-wide taffeta advertised Sunday for 79c.

Rich, lustrous, pure silk black peas de cygne, 19 inches wide. Regular 75c quality. 39c

Soft, heavy, pure silk, black peas de cygne, 27 inches wide. Regular \$1.00 quality. 69c

Strong, reliable pure silk, black taffeta, one yard wide. Regular \$1.00 quality. 79c

Special Sale of Spring Skirts Today

Another Great Lace Sale Today

45c a yard is today's price for allover laces worth up to \$1.25. That's a rather startling offer, but the goods are here. It's a lot of 18-inch allover in Normandies, Platt Vals, and German mesh that should have arrived before our opening, but which did not come until yesterday. White and cream in a great variety of beautiful floral designs, especially pretty for lace waists; 75c to \$1.25 laces today, 45c.

Leavings From the Ribbon Sale

19c a Yard

If you were not fortunate enough to secure some of the ribbons on sale yesterday at 25c a yard, come today and choose from what is left at 19c. It's a lot of 35c goods, and though some of the best patterns are gone, there is still a good selection and many remarkable values.

SCHOOL DISTRICT ANNEXED.

Moneta Joined to City for School Purposes, Despite Protest of Annexation.

For school purposes only, the Moneta school district yesterday was annexed to Los Angeles. This brought about a lively tilt before the Board of Supervisors between County Superintendent Mark Keppel and City Assessor Walter Mallard.

Keppel wanted the annexation brought to pass; Mallard didn't. When the more or less famous "shooting strip" was annexed to Los Angeles by a vote of the people November 12, the action brought about a great mix-up in school affairs.

School districts were divided, some even being so cut up that a portion lay on one side of the city, while another portion lay on the opposite side.

The McKinley school district, which is composed of the McKinley Industrial Home, was taken into the city bodily, so, of course, its troubles were settled.

But this district, with two others—Howard and Moneta—formed the Jewel Union High School district, which had voted a \$20,000 bond issue and is erecting a handsome High School building. Now, by the annexation, besides depriving this union of the McKinley school district, the city has taken sections of both the other districts—about 500 acres—and about one-third of the children of these districts.

Keppel yesterday explained fully to the Board of Supervisors the plight in which the sections of school districts left outside the shooting strip found themselves, and declared that as they had no part in creating the conditions which now exist, it was only common fairness and decency for the annexation to be allowed.

Mallard objected to this procedure. He declared that the taxes collected from these annexed territories would not pay for the cost of assessment and collection, and that, as a result, the city would have to maintain schooling for them at its direct expense.

This statement was challenged by the County Superintendent, who claimed that the expenses would not be even half the amount figured by Mallard. Mallard interposed the objection that a separate assessment of the territories, but Asst. Dist. Atty.

Shaw dug up an amendment passed at the late session of the State Legislature, whereby provision is made that cities in such cases must use the assessment rolls of the counties in which the lands are located, and this, of course, would materially reduce the expense.

The Supervisors finally decided to annex Moneta, as they had already annexed Gardena. Howard will ask annexation at a later date.

A black and white illustration of a man in a suit, seen from the back. He is holding a cane in his right hand and a hat in his left. The suit is dark with a light-colored, textured pattern. The man has short, dark hair and is looking slightly to the left. The background is plain white.

The decided sentiment against tailoring is rapidly becoming more widespread.

The better class of dressers recognize that it is absolutely impossible to duplicate the superb effects and perfect fit of Alfred Benjamin suits at any local tailoring shop.

Doesn't it seem only natural that expert cutters drawing salaries of \$10,000 to \$25,000 a year are able to produce styles and effects that are utterly beyond the ability of small local tailors of limited experiences?

It is a distinction to wear an Alfred Benjamin suit.

Men of means—your banker, your lawyer, your merchant, your Congressman, your railroad president—he wears an Alfred Benjamin suit—the acme of shapeliness and rich quality.

The office boy may perhaps be satisfied with the lifeless, styleless product of a tailor.

The new spring styles in Alfred Benjamin suits are more stunning than ever.

Never before such a demand for them. Prices \$18 to \$50.

EVENTS IN LOCAL SOCIETY.

GEN. AND MRS. ADNA F. CHAFFEE are enjoying a visit from their daughter, Mrs. George F. Hamilton, wife of Capt. Hamilton, Ninth Cavalry, U.S.A. When a girl, Mrs. Hamilton lived here with her parents for a number of years, and was popular among a wide circle of friends. She is a charmingly handsome and attractive young matron, and it is regretted by her friends that she is in mourning for they had planned to entertain lavishly in her honor.

However, Mrs. Hamilton is enjoying her friends in a quiet way, and last evening she was the guest of Mr. and Mrs. J. F. Conroy at a box party at the Mason, others present being Gen.

functions in Cleveland, O., where her husband is one of the officials of the Baltimore-Ohio Railroad.

Miss Hanly is a daughter of M. J. Hanly of Columbus, and is a student in her junior year at the Ohio State University, where she is a member of the Delta Delta Society. She is a pretty girl, too, with soft blue eyes and brown hair, and is popular in society of Columbus. Mrs. Wynne, herself a handsome young Los Angeles matron, has been entertaining her guests with jaunts about the country, and it is with regret that she sees them depart for they leave today. Mrs. Anderson will go to her home, and there be joined by her husband, and from thence they will visit in her

made to order and is a beautiful piece of workmanship and design. Those present were: Mr. and Mrs. J. W. Searle, Mr. and Mrs. H. A. Stearns, Mr. and Mrs. H. G. Lovell, Mr. and Mrs. E. P. Cadier, Mr. and Mrs. Kimball, Mr. and Mrs. N. J. Fuika, Mr. and Mrs. M. P. Spaulding, Mr. and Mrs. Hendrickson, Dr. and Mrs. Shalhorn, Misses C. Weston, Leland Norton, M. Goodrich, F. A. Somers, J. J. Heckinger, J. R. Gerling, N. R. Stone, Walton, De Mar, the Misses Grace Reynolds, Dairymple, Margaret Spaulding, Ruth Kimball, Hendrickson, Mr. J. E. Wallace and Master Claude Reynolds.

Miss Filbert Returns.

Miss Emma Filbert returned from a visit of five weeks in and through Arizona. While there she was house guest of Mrs. Otto F. Kuerner of Kingman, Ariz. Trips to many large mining camps were made; also the various Indian tribes of Arizona. Miss Filbert will be pleased to receive her friends at her home, No. 515 Romeo street.

Merry Wives Entertained.

Mrs. John L. Welsh of No. 208 Hollywood boulevard, entertained the members of the Merry Wives Whist Club. Her home was tastefully decorated with ferns and roses. Punch was served during the course of the game. Two prizes were awarded, the first, a beautiful cut-glass dish to Mrs. Tucker, the second, a brass candle stick to Mrs. Edward Sands. The consolation was won by Mrs. Benj. Wright. The members will be entertained at their next meeting by Mrs. Wright at the Hotel Alvarado.

Miss Letson Here.

Miss Florence Letson, from Omaha, who made Los Angeles her home about two years ago, is back again. She is visiting Mr. and Mrs. L. D. Letson of No. 418 South Westlake avenue.

Reichenbach's Celebrate.

Mr. and Mrs. Frank Reichenbach of No. 1511 Harvard boulevard, celebrated their crystal wedding anniversary with a reception. The hall was artistically decorated in Marie Van House room, and maidenhair ferns. Behind a graceful arrangement of palms the Venetian Ladies' Orchestra was concealed and rendered soft dreamy strains throughout the evening. The drawing-rooms were resplendent with the fragrance of France roses, whose peary-pink blossoms nodded gracefully from tall vases. A dainty arrangement of plumose added to the pretty decorative scheme. The dining-room, where a buffet Dutch lunch was served, was a bower of beauty with its decorations of sweet peas and maiden hair ferns.

Softly shaded candelabra sent a mellow glow to this artistically decorated room.

Mr. and Mrs. Willis H. Routsahn, Mr. and Mrs. J. A. Caldwell stood in the receiving line with Mr. and Mrs. Reichenbach. Mrs. Reichenbach was handsomely gowned in black silk with garnitures of Honiton lace.

Mrs. Schallert's Luncheon.

Mrs. Mary J. Schallert of No. 338 South Beacon street entertained recently with a luncheon in compliment to Miss Margaret Karl, sister of Tom Karl, and also for Miss Fannie Dewey. Easter lilies and violets decked the table and bouquets of violets were favors, while place cards were decorated with hand-painted figures. Covers were laid for Miss Margaret Karl, Miss Fannie Dewey, Mrs. James Burns, Mrs. John Keeney, Mrs. Lewis Grant, Mrs. James Buckley, Mrs. Edwin Schallert, Mrs. McPherson, Mrs. Richard Dillon, Mrs. Edwin Lindsey, Mrs. Mary Schallert and Mrs. Schallert's mother.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

MAYOR-ELECT TAKES OATH.

LOSES ONE VOTE IN COUNCIL'S CANVASS OF ELECTION.

Waterhouse Men Still Insist That There Will Be Contest, But No Steps Are Being Taken—No Spoils In Victory—State Bank Organized In North Pasadena.

Office of The Times, No. 21 E. Raymond Ave., PASADENA, April 8.—Yesterday afternoon Thomas Earley took the oath of office as Mayor of Pasadena, though he will not actually take the reins of government in his hands for a month. He has complied with all of the requirements of law and is now ready to move into his official quarters, as soon as the incumbent vacates them.

Yesterday morning, in compliance with the requirements of the charter, the Council canvassed the election and pronounced Mr. Earley duly elected. The result of the canvass did not change the result of the election in any way, but it cut Earley's majority down and vote.

Charles A. Root, Councilman from the Fifth Ward, developed, defeated his opponent by only one vote, and Winthrop's plurality.

The talk of a contest, which was pretty generally indulged in for several days, seems to have subsided. Through some of the Waterhouse men insist that the contest will take place, they appear to have taken no steps, and these seem to be a hazy surrounding the whole matter.

It is currently rumored that Mayor Waterhouse is quite satisfied with the way matters turned out. He has stated from the start that he is not for the city, and that he is only anxious to comply with the wishes of the voters.

The stories of probable changes in the City Hall force seem to be without much foundation, and those who are looking for spoils for rewards for having supported the Earley ticket are likely to find themselves sadly disappointed. It is generally understood that Waterhouse appointees who have proved satisfactory will be retained.

SAN DIEGO WOMAN HURT.

San Francisco, California, April 8.—A woman was the victim of a serious accident on East Colorado street yesterday afternoon. While alighting from a South Loop car at the corner of Madison street, she was run down by a small boy on a bicycle and so severely injured that she had to be taken to the Pasadena Hospital in an ambulance. Surgeons found that Mrs. Beck with was suffering from severe contusions and lacerations of the head, face, as well as from shock. No bones were broken, but internal injuries are feared.

NORTH PASADENA BANK.

North Pasadena is soon to have a banking institution of its own. The Bank of North Pasadena has been incorporated under the laws of the State of California, and as soon as the formalities have been completed, the institution will open its doors. The incorporators are William M. Eason, William Dodge, M. D. Painter, Frank Hill and C. M. Lane of the city, and E. F. Mansel of Los Angeles.

The new bank, which will be a State institution, is incorporated for \$100,000. It will be located at the corner of Fairview avenue and as soon as the local work of erecting a suitable building will be undertaken at once.

TRAMWAY DISAPPEARS.

Thompson had been employed on the Canada railroad construction work, and had told no one that he intended going away. His friends are very anxious.

A peculiar accident on the "short line" yesterday forenoon tied up traffic for several hours. While running at a very moderate rate of speed, car No. 239, bound for Los Angeles, jumped the track at Baird station. No serious damage was done, but the passengers were badly shaken up.

HOT, NAT GOODWIN.

Actor to Build Elaborate Hotel at Santa Monica Near White Star Pier.

SANTA MONICA, April 8.—Before departing from the beach today for his spring tour, Nat Goodwin made the announcement that upon his return to the seaside he would have built a \$250,000 hotel on the ocean front, somewhere between the White Star pier and Raymond avenue. Architects have already drawn the plans for the new hotel, and those who have seen them say it will be one of the finest show buildings in the South.

RAILROAD BLAMELESS.

The Coroner this morning held an inquest over the body of Brigido Ramirez, who was killed by a Southern Pacific switch engine Saturday evening. The verdict was that death resulted from an unavoidable accident. The company was held blameless.

FOUR "BILLS" UP IN POMONA.

OGLE DEFEATED IN RACE TO BE MARSHAL AGAIN.

Will Jose is Chosen City Attorney in Race Against Pitzer—John M. Lee for Recorder Against White, and William Wildman for Treasurer, Against Hill and Weber.

(BY DIRECT WIRE TO THE TIMES.)

POMONA, April 8.—[Exclusive Dispatch.] The weather and municipal politics have waxed warm here today. At the city election an unusually large vote was polled, 1238 in the five precincts, and as a result Pomona has elected four "Bills" to municipal office.

Will Fleming is Trustee-elect from the Second Ward. Will Midgley from the Fifth Ward. Will Jose is City Attorney-elect, and Will Wildman is City Treasurer-elect.

Probably the happiest Bill in town tonight is Wildman, the seriousness of whose candidacy was not realized up to a few days ago.

The local political situation has been considerably mixed this year, owing to the fact of the elimination of the nominating convention, and the failure to carry on a campaign along any definite party lines. As a result there were several surprises.

All day long carriages and automobiles have been hurrying voters to polling places, and the contest has been hot. Things were particularly lively in the Fifth Ward, where Midgley defeated James E. Berry for Trustee by 23 votes, and in the Second Ward, where Fleming defeated Moses Petty for Trustee by 15 votes. Both Midgley and Fleming are popular here, the latter being a brother of Dep. Dist. Atty. Fleming of Los Angeles.

The other Trustees elected were Ira Lee, Fourth Ward; F. P. Firey, First Ward, and Lee M. Adams, in the Third Ward, he defeating J. M. Mitchell.

For members of the Board of Education, Charles E. Walker, Mrs. Flora A. Danahoe, Frank Conover, Joseph Bowyer and B. H. Showman were the successful candidates. Joseph Muller was re-elected Assessor, having an opposition.

Much interest was centered in the contest for City Clerk and Marshal. Thomas Trotter, press department editor, defeated W. B. Stewart by 184 votes for Clerk, and present Marshal Ogle beat William Wright, the incumbent, by 114 votes.

A surprise was the defeat of Russell K. Pitzer by J. W. Jose for City Atty. Although the latter has been working insistently in the interest of his candidacy, it was not expected he would win the race.

After the returns were in there was much cheering and hilarity by some of the successful candidates and their friends on Second street, the winners being raised aloft on willing shoulders.

Trustees Matthews and Midgley and Attorney Jose were tossed to the top of a counter in a local store and called upon to make speeches. They responded by pledging themselves to use their best endeavors toward forwarding and advancing the city's interests.

NEW BANK ORGANIZED.

GLENDORA, April 8.—The First National Bank of Glendora was organized on Saturday with a capital stock of \$25,000. Sixty per cent of the capital stock was paid up and the remainder to be subscribed for by May 1. The new bank will open for business May 1.

The Western Water and Power Company's building will be occupied temporarily until the new banking house can be erected. The following officers were elected: President, C. E. Wilcomb; vice-president, F. N. Hawes; cashier, H. C. Westworth; directors, W. R. Seabright, J. W. McElreid, C. H. Converse, W. G. Hall and C. A. Weaver.

A mass meeting of the taxpayers and patrons of the Glendora school district was held at the schoolhouse on Saturday evening to consider the question of acquiring a new school building. After an animated discussion, resolutions were passed instructing the school trustees to purchase from four to eight lots just across the street on the north from the present schoolhouse and grounds, provided they could be had at a reasonable price, and also to take such other action as may be necessary to commence the erection of an eight-room schoolhouse and have it completed ready for use by September 1, 1918.

OCEAN PARK.

OCEAN PARK, April 8.—Mr. and Mrs. Maurice M. Hanna have gone to San Diego to spend their honeymoon. They were wedded at the midnight hour Saturday at the Methodist parsonage. Rev. E. W. Paskin performed the ceremony. They are to make this beach their home. The bride was Miss Maud Still of San Francisco.

GIVES HER ALL FOR MISSIONS.

WOMAN IN LONG BEACH HAS DECIDED SO TO DO.

R. M. Lynn, Pioneer Newspaper Man and Later Constable, Dies as a Result of an Attack of Pneumonia. Was Member of Board Which Built High School.

LONG BEACH, April 8.—Mrs. Joseph A. Hanna of this city, widow of Rev. Joseph A. Hanna, has decided to eventually leave her entire fortune to the creation and development of Presbyterian missions. As a beginning, she has made a deed of gift to the Presbyterian Board of Church Extension of several pieces of improved

real estate in Los Angeles, valued at \$15,000, and which are already income producing. The property has been deeded outright, with the one provision that the income shall be devoted exclusively to missions.

DEATH OF "BOB" LYNN.

This community was shocked this morning over the news of the death of R. M. Lynn, a pioneer newspaper man of Long Beach, and one of the best-known and popular citizens of the city. Two weeks ago he went to Pasadena on a Pythian excursion and caught cold, which developed into pneumonia, and, owing to a weak condition, resulted in death at 5:30 o'clock this morning.

"Bob" Lynn, as he was best known, was born in Washington, Ind., October 19, 1855, and, learning the printer's trade, was editor and proprietor of the Oxford (Ind.) Tribune and the Greenfield (Ind.) Republican. In 1893 he came to Long Beach and started the Weekly Eye, which was afterward changed to a daily, the pioneer paper of Long Beach. It was discontinued after a few years, and in 1897 Mr. Lynn was elected school trustee, serving on the board with Dr. J. W. Wood and H. C. Adams.

At the time of his death, Mr. Lynn was the publisher of the Long Beach Press-Telegram, which he had purchased from the present High School was built. In 1902 he was elected constable of this township, his term expiring this year, since which time he has been advertising manager of the Schilling department store. He was married at Pasadena, Ind., to Miss Carrie C. Covert, who, with one daughter, Miss Theta, a talented musician, survives.

On the sergeant's return from the guardhouse he went at once to the captain's room and found him lying on the bed dead.

Capt. Baldwin was one of the celebrated "California hundred," who, seeing no other way of attesting their patriotism in the country's peril, there were no transcontinental railroads in "41" got together and with the aid of patriotic citizens and that of the State of California, made their way East, by the Isthmus of Panama, and were accredited to the quota from Massachusetts, and assigned to the Second Cavalry from that State.

Baldwin, who enlisted as a private, soon became a sergeant, and before the close of the war was commissioned, respectively, second and first lieutenant. The achievements of the "California Hundred" are matters of history.

Captured near Winchester, Baldwin and a comrade escaped from a Confederate prison. In the course of their two weeks' wanderings in getting to Washington they were stopped by a Confederate picket. Baldwin snatched the man's gun and shot him, but did not kill him.

As commander of Co. F here, he had endured himself to the two hundred and more veterans under his charge, and was held in high esteem by his superior officers, as well as by his fellow-members of the non-commissioned officers and enlisted men.

Capt. Baldwin, late lieutenant of Co. L and C, Second Massachusetts Infantry, was admitted to the home from Richmond, Cal., in 1895, and was aged 40. He was single, but is known to have one sister residing either in San Francisco or in Paris.

Capt. Baldwin was born in Massachusetts, but removed with his parents when quite young to California. After the war he occupied various public positions until ill-health compelled him to come to the hospital in this home.

Lawrence P. Smith, aged 46, died yesterday at his home in Alamitos. He came to Long Beach from Iowa four years ago. A widow and daughter are left.

Mrs. Elizabeth Urouhart, a native of Scotland, aged 71, died this morning at the home of her brother, on American avenue. She had been a resident of Long Beach seven months.

Frankie Hallock, a young boy who has won considerable local fame as a roller skate racer, fell from one of the "teeter" boards on the strand today and broke his left leg between the knee and ankle.

Work on the new Presbyterian church has been held up because of a disagreement as to the specifications and the building ordinance. The trouble arises over the use of mixed cements in the foundation walls.

Suffering with a broken collarbone and mauling with bones, Martin Hoffman, a veteran of the Civil War, who says he owns property in Los Angeles and is an inmate of the Soldiers' Home, was removed from a rooming house today and sent to jail, where his injury was discovered, and after the broken bone was set, the old man was sent to more comfortable quarters. It is supposed he fell last night while under the influence of liquor.
